THINGS TO KNOW ABOUT THE ROASTERIE

AND OUR COFFEE

#1 *We're a Kansas City company
(and have been since the beginning)*

#2 *We're air roast all of our beans
(because it tastes better)*

#3 *Never hold beans for more
than 10 days after opening
(because it goes stale)*

#4 *Store coffee in an air-tight
container until ready to use
(or else it'll go stale faster)*

#5 *Keep coffee in whole-bean
form until ready to brew
(to preserve its freshness longer)*
